At Twixwood Nursery we value your privacy so we keep your information confidential and do not sell or share your address, fax number, email address or other information.

Company Name: _____

Buyer or Person Submitting this form: _____

Twixwood prepares several availability lists in different formats.

- ✓ Our **Available Now** list includes all items available for sale and in a saleable category. It will include items that are only landscape ready which means they are well rooted but the tops may be small or thin.
- ✓ Our **Current and Future** list includes the above items but adds items we expect to be ready in the coming four to six weeks.
- ✓ **BOTH** lists contain a Notes column on the right indicating plants that are premium quality, in bud and/or bloom, etc.

The lists are emailed/faxed from about April through September and are available online in the off season.

Twixwood now offers LIVE availability online. Check out the availability link on our webpage.

Please send me this list to me at the following email address:
